

International Angel Day™

**Tyabb Packinghouse Village
September 11th 2011**

Overview

International Angel Day™ was coined by renowned author and spiritual psychologist Doreen Virtue in response to the fear and despair experienced by the international community after the events of September 11 in New York. The focus is to remind people that hope and goodwill are still relevant and evident in our community, and events like these which raise money for local children's charities will be held simultaneously around the globe on the second weekend in September 2011.
